

ELEAZAR MICO B. VILLAMOR

Civil Engineering Graduate | Aspiring BIM Modeler / Engineer

45 Bago Bantay, Quezon City 1105 | 09103122262 | ce.micovillamor@gmail.com

PROFESSIONAL SUMMARY

Detail-oriented Civil Engineering graduate combining 169+ hours of accredited technical training in Autodesk Revit, BIM-based modeling, AutoCAD, and construction estimation with 5+ years of professional experience in data management and quality control. Proficient in reading architectural, structural, and M&E drawings, quantity estimation using PlanSwift and Bluebeam, and data workflows. Seeking to leverage strong BIM fundamentals, structural modeling training, and analytical background as a Junior BIM Modeler.

SKILLS & COMPETENCIES

- **BIM & CAD Software:** Autodesk Revit Structure (Fundamentals & Comprehensive Training), AutoCAD (2D, 3D, Rendering, Plot)
- **Estimation & Project Management:** Project Estimation with Microsoft Excel, AutoCAD, PlanSwift, & Bluebeam Revu
- **Technical Engineering:** Reading & Interpreting Architectural, Structural, and M&E Drawings; Construction Detailing
- **Data & Office Productivity:** Computer Literate & Data Management, Google Workspace (Docs, Sheets Formulas & Pivot Tables)
- **Reporting & Analytics:** Reporting & Monitoring | Power BI & Data Analytics, AI Automations & Python Programming (Beginner)
- **Quality & Operations:** Quality Assurance & Auditing, Organizational Skills & Operations Leadership

WORK EXPERIENCE

DATA OPERATIONS LEAD | Hapinoy

June 2022 – Present

- Direct operational workflows, quality control, and data accuracy across enterprise reporting platforms.
- Implement structured workflows and AI automations to optimize team productivity and reporting speed.
- Utilize advanced Google Sheets formulas, pivot tables, and Power BI dashboards to track operational metrics.

TRANSCRIBER AND QUALITY CHECKER | RLR Research & Analysis

September 2019 – December 2021

- Conducted rigorous data quality checking and auditing to ensure full compliance with operational standards.
- Awarded Most Reliable CATI-VOC for maintaining consistently high data accuracy outputs.

EDUCATION

- **Bachelor of Science in Civil Engineering** – The University of Manila (2015 – 2020)
- **Secondary Education** – Southville 8B National High School (2011 – 2015)
- **Elementary Education** – Bago Bantay Elementary School (2004 – 2011)

TRAININGS & CONTINUING EDUCATION (173 HOURS)

- **Autodesk Revit Structure Fundamentals (ATC Certified)** – 17 hrs | XSTRUCTURES AUTODESK ATC (Nov 2025)
- **Autodesk Revit Structure Comprehensive Training – BIM-Based Modeling** – 20 hrs | XSTRUCTURES (Nov 2025)
- **Exploring Bluebeam and PlanSwift: Side by Side Deep Dive** – 16 hrs | XSTRUCTURES (Aug 2025)
- **Manual Construction Building Estimates with Excel and AutoCAD** – 20 hrs | MSTCONNECT (Nov 2025)
- **AutoCAD 2019 with Fusion (2D, 3D, Rendering, Plot)** – 75 hrs | MICROCADD (May 2019)
- **Data Science & Analytics with Power BI Workshop** – 16 hrs | MSTCONNECT (Feb 2026)
- **Python Programming for Beginners** – 5 hrs | MSTCONNECT (Jan 2026)
